

The government recommends that children between the ages of 5 and 18 should have at least an hour a day of moderate to vigorous exercise, such as walking and running in a playground. Keeping active with a brisk walk can reduce everyone's chance of developing cancer (Cancer Research UK).

In support of children's cancers, on World Cancer Day, **Friday 19<sup>th</sup> January 2018**, school children across Lincolnshire will be donning woolly hats, gloves and scarves in a bid to wrap up warm on a cold day to embark on a wonderful winter walk.

Please support this cause by making a suggested donation amount of £1 for this event.

The Wonderful Winter Walk in support of children's cancers for Cancer Research UK

Please return this slip with a suggested donation of £1 by Friday 19<sup>th</sup> January 2018.

Parent/guardian name .....

Gift aid YES / NO
